THE STATE OF UTAH TO ALL OPERATORS, TAKERS OF PRODUCTION,
MINERAL AND ROYALTY OWNERS, AND PARTICULARLY ALL PERSONS
INTERESTED IN SECTION 20, TOWNSHIP 1 SOUTH, RANGE 5 EAST, SLBM, SUMMIT
COUNTY, UTAH.

Notice is hereby given by the Division of Oil, Gas and Mining of its tentative decision to approve of Rock Products of Utah, Inc.'s Large Mining Operations Notice of Intention for the Brown's Canyon Rock Quarry. Mining activities will affect the following area: NE1/4 SE1/4 of Section 20, T1S, R5E, SLBM, Summit County, Utah.

Rock Products of Utah, Inc. will employ the following mining and reclamation techniques on approximately 10 acres of privately owned land.

During Operations:

A tracked air drill is used to bore holes (20-25) into the face of the rock to loosen the rock by blasting. In preparation of a blast, the area is secured and personnel in adjacent quarries are notified of the blast. Post blast, an excavator is used to pull loose rock from the blast area into piles. Rock is then split and sorted and loaded in trucks for shipping. The area is fenced to keep the public out.

After Operations:

All temporary facilities will be removed and trash and debris will be hauled from the site. Highwalls will be reduced to a 3h:1v slope. All waste dumps and overburden dumps will be regraded to a 3h:1v slope. Topsoil will be applied approximately 6 inches deep. Roads will be ripped and/or regraded. Composted manure will be applied to all areas and broadcast seeded with an appropriate seed mixture designed for the post mining land use of grazing and wildlife habitat.

The person representing the company is Mr. Develon G. Wurth; Phone (435) 654-3978. Rock Products of Utah, Inc. is fulfilling obligations under the Utah Mined Land Reclamation Act of 1975, Utah Code Ann. §40-8-18.

Any person or agency aggrieved by this tentative decision to issue approval is hereby requested to submit written protest within thirty (30) days of the date of publication to Pamela Grubaugh-Littig, Associate Director of Mining, Division of Oil, Gas and Mining, 1594 West North Temple, Suite 1210, Box 145801, Salt Lake City, Utah 84114-5801, setting forth factual reasons for the complaint. If no responsive written protests are received by the Division within 30 days after the last date of publication, the tentative decision of the Division will be final.
